

# Earn Your Ham Radio License!

## Two-Day Radio License Class Waco, TX

**March 20 and 27, 2010**  
**9:00 am to 4:30 pm (lunch provided)**

Salvation Army Worship Center  
I-35 southbound service road, near 12th Street, in Waco  
(see <http://hotarc.org/news> for link to map)

Presented by  
**Heart O' Texas Amateur Radio Club, Inc.**

Imagine yourself...

- ⊙ Talking around the world—without phone lines or Internet.
- ⊙ Reporting severe weather to the National Weather Service.
- ⊙ Helping coordinate area special events (walk-a-thons, parades, etc).
- ⊙ Sending emergency messages across the country and around the world.
- ⊙ Communicating with satellites, space shuttles, and space stations!

These are just a few of the things **amateur “ham” radio operators** can do.

HOTARC members will offer a two-day, hands-on class, featuring real ham radio equipment. This fast-paced training requires that you pre-study some materials, so register early to receive your class packet today! We will prepare you to pass a short FCC examination (given right after the second session). Morse Code is **NOT** required. ***In two weeks you can earn your license!***

**\$30 covers cost of class materials and supplies.**  
(Additional \$15 fee required for FCC testing on March 27.)

Register on-line at: <http://hotarc.org/news> (before Sunday March 13)  
Or send email inquiries to: [training@hotarc.org](mailto:training@hotarc.org)
